

## PROGRAM FOR TALENTED AND GIFTED STUDENTS

The district is committed to an educational program that recognizes, identifies and serves the unique needs of talented and gifted students. Talented and gifted students are those who have been identified as having high performance capability in such areas as intellectual, creative, or artistic capacity or in specific fields and who require accelerated or differentiated curriculum programs in order to develop those capabilities fully.

The board directs the superintendent to develop a written identification process for identifying talented and gifted students in grades K-12. The identification process shall include an appeals process for parents/guardians who wish to request reconsideration.
