

EVALUATION PROCEDURES

The district ensures that children with disabilities are evaluated in accordance with 92 NAC 51-006.

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it is clearly not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

Nebraska Department of Education document "Supporting Document to Checklist of Required Special Education Policies, Procedures and practices for Part B of the Individualies with Disabilities Education Act" shall serve as an administrative procedure to this policy.
